

June 4, 1959

**MEMORANDUM TO: All Holders of STRETCH Programming Manuals**

**SUBJECT: New Edition**

The completely revised STRETCH Programming Systems Specifications Manual is enclosed. The edition which you now hold is obsolete, and should be destroyed. All future revisions will be intended for inclusion in the latest (June 1) edition.

Debugging of STRAP-1 is now nearly complete. Future revisions will include a complete set of 704 operating notes.
