

Concerning May 11 Presentation

Apr 29, 57

Talk with Don Rensley:

Dumult - costs only - + features - endurance, etc.

P.P. - rentals only - present design.

purpose specific configurations

esp. minimum systems

stress combination of STRETCH

significant speeds, no size

(joint stretch new machine) 7/2/57

for Whitfield De Carlo Kenney

Low & Balance } presentation

break into uses { 1. Hydro - LASL - Linear 2. Westhouse type. 3.

low -> aircraft industry potential - minimum systems.

{ same data as West - stress range for STRETCH. of performance.

and price range

justify vs 7090 + 709. } expected to pay less. (to be same price

# notes -> Min Machine West Machine LASL Super Machine

-> H. <sup>give</sup> Application equivalent of what Dumult will pay.

give Whitfield sense of increased demand on volume with will have this effect. - people will want to do more with. eg. Weather Problem paper.

British AEC - trends - features -

- need standard sales plan - STRETCH - should be some plan as 7090 too and some people are
