## (Q/A, cont'd)

Even though the incentive portion of the program has been formally discontinued, we would like employees to know that they are our best source for sales leads. If you know of someone who would benefit from a sales call by an SPC DSM, you should contact the Regional Administrator in the appropriate Regional Sales Office. If you have more questions about the Seed-a-Seeder program, you may contact Laura Petersen.

**Q:** Would it be possible to find space in one of our buildings for an employee lunch room? Conference rooms and atrium tables are usually in use for meetings, and the deli does not allow bag lunches.

**A:** At the Landmark, our current space doesn't lend enough room for a lunch area. This has been discussed several times over the last few years and is a high priority for the future. If in the future we acquire a significant increase in space, you will most likely see an employee lunch room, but unfortunately we don't see it in the immediate future.

- Please feel free to submit questions to any of the SP de Corps staff members, in person or through interoffice mail. You may also drop them into the Suggestion Box in Human Resources. (If you are based outside of Mountain View, please mail your questions to Patti Patterson or Nina Flory.) In future issues, we will publish those which we feel will interest the most employees, space permitting.
