Join us.

Celebrate the 50th anniversary of the founding of Fairchild Semiconductor and the 10th anniversary of today's Fairchild Semiconductor.

Enjoy the events, parties, exhibits at the Computer History Museum in Mountain View, California.

Share stories and memories with long lost friends.

Celebrate Fairchild and all that we did!

Fairchild  
Semiconductor  
Celebrates  
50 Years

October 5-6, 2007

**Friday, October 5, 1:00-5:00 p.m.**  
Legendary heroes of Fairchild Semiconductor participate in eight panel discussion groups. How better to capture the rich history of Fairchild and the semiconductor industry than in the words and stories of those who were there at the beginning and did the heavy lifting during the years that followed.

**Friday, October 5, 7:00-8:30,  
Reception at 6:00**  
Floyd Kvamme will moderate this panel of esteemed industry leaders including Gordon Moore, Jerry Sanders, and Wilf Corrigan, who will explore the lasting impact of Fairchild Semiconductor on Silicon Valley and the world.

**Saturday, October 6, 7:00-11:00 p.m.**  
A reunion, a birthday party, a gala celebration to remember! The evening includes lavish food buffets, tasty small plates, hosted bars, meeting stations for Fairchild affinity groups, continuous video and slide show presentations, historic displays, an artifact donation station, an oral history recording booth and viewing of museum exhibits.....and a chance to see hundreds of your Fairchild friends who are coming from around the world.
