Published Papers -- Robert W. Bemer (1-30)

This document covers papers 1-60, from 1951 through 1970.
For papers 61-116, from 1971 through 1979, Click here.

1. R.W.Bemer, "Machine Method: Iterative Solution of Games",
   RAND Memorandum RM-595-PR, 1951
2. R.W.Bemer, "Polynomial relaxation coefficients",
   ACM Annual Meeting, Phila., 1955 Sep
3. R.W.Bemer, "PRINT I - A proposed coding system for the IBM Type 705",
   Proc. Western Joint Computer Conf., 1956 May
4. R.W.Bemer, "Reference Manual, PRINT I system for the 705", IBM Corp., 1956 Oct
5. R.W.Bemer, "Report on history and use of automatic coding",
   Proc. GUIDE, Second Session, Appendix Z, 1-6, 1957 Feb 13-15
6. R.W.Bemer, "Why the engineer should know computer programming",
   Automatic Control, 1957 Feb
7. R.W.Bemer, "How to consider a computer", Data Control Section,
   Automatic Control Magazine, 1957 Mar, 66-69
   **No earlier published article, describing commercial timesharing
   (which the Internet is), has ever been found.**
8. R.W.Bemer, "PRINT I - an automatic coding system for the IBM 705",
   Automatic Coding, Monograph #3, Proc. Automatic Coding Symposium,
   Franklin Institute, 1957 Apr, 29-38
9. R.W.Bemer, "The status of automatic programming for scientific computation",
   Proc. 4th Annual Computer Applications Symposium,
   Armour Research Foundation, 1957 Oct 24-25, 107-117
10. R.W.Bemer, "A machine method for square root computation",
    Commun. ACM 1, No. 1, 6-7, 1958 Jan
11. R.W.Bemer, "XTRAN - a compatible superstructure to FORTRAN,with growth
    possibilities", Proc. GUIDE, 1958 May
    An ALGOL predecessor from IBM
12. R.W.Bemer, "A subroutine method for calculating logarithms",
    Commun. ACM 1, No. 5, 5-7, 1958 May
13. R.W.Bemer, "Editor's note on series approximation truncation",
    Commun. ACM 1, No. 9, 3-5, 1958 Sep
14. R.W.Bemer, "Simulation programs", Commun. ACM 1, No. 11, 5-6, 1958 Nov
15. R.W.Bemer, "A checklist of intelligence for programming systems",
    Commun. ACM 2, No. 3, 8-13, 1959 Mar
16. R.W.Bemer, "A table of symbol pairs", Commun. ACM 2, No. 4, 10-11, 1959 Apr
17. R.W.Bemer, "Evaluating intelligence for programming systems",
    Automatic Control, 1959 Apr, 22-24
18. R.W.Bemer, "A proposal for a generalized card code of 256 characters",
    Commun. ACM 2, No. 9, 19-23, 1959 Sep
    -- Computing Reviews 00025
    Early public hint of 8-bit bytes to come.
19. R.W.Bemer, W.Buchholz, "An extended character set standard",
    IBM Tech. Pub. TR00.18000.705, 1960 Jan, rev. TR00.721, 1960 Jun
    -- Computing Reviews 00813

20. R.W.Bemer, "A proposal for character code compatibility",
    Commun. ACM 3, No. 2, 71-72 (1960 Feb)
    -- Computing Reviews 00320
    -- Computer Abstracts 60-865
    Here was disclosed Bemer's invention of escape sequences. (See it)
21. R.W.Bemer, "Comment on COBOL",
    Management and Business Automation, 1960 Mar 22
22. R.W.Bemer, "Do it by the numbers - digital shorthand",
    Commun. ACM 3, No. 10, 530-536, 1960 Oct
    -- Computer Abstracts 61-199
    -- Picture and story, NY Herald Tribune, front page,
      Section 2, 1960 Jul 05
    This method programmed for RCA by C. Berners-Lee,
    father of Tim Berners-Lee, father of the Web.
    Also treated in David Kahn's classic "The Codebreakers",
    and acknowledged as probably unbreakable then.
23. R.W.Bemer, "Survey of coded character representation",
    Commun. ACM 3, No. 12, 639-641, 1960 Dec
    -- Computing Reviews 00639
    -- Computer Abstracts 61-287
    Exposing the Babel of internal computer codes,
    the impetus for the creation of ASCII.
24. R.W.Bemer, "Data compression system",
    IBM Technical Disclosures Bull. 3, 8-9, 1961 Jan
25. R.W.Bemer, "Survey of modern programming techniques",
    The Computer Bulletin 4, No. 4, 127-135, 1961 Mar
    -- Computing Reviews 01213
    -- Computer Abstracts 61-1025
26. R.W.Bemer, "Editor's note on binary reciprocals of decimal integers",
    Commun. ACM 4, No. 4, 116, 1961 Apr
    -- Computer Abstracts 61-1909
27. R.W.Bemer, H.J.Smith, Jr., F.A.Williams,
    "Design of an improved transmission/data processing code",
    Commun. ACM 4, No. 5, 212-217, 225, 1961 May
    -- Computer Abstracts 61-1920
    ASCII in its original form.
28. M.Grems, R.W.Bemer, F.A.Williams, "IBM Glossary for Information Processing", 1961
29. R.W.Bemer, "The present status, achievement, and trends of programming
    for commercial data processing", chapter in Digitale Informationswandler,
    Vieweg & Sons, Braunschweig, Germany, 1962, J. Wiley, 1962, 312-349
    -- Computer Abstracts 62-1630
30. R.W.Bemer, "An international movement in programming languages", in
    Computer Applications Symp., Spartan Books, Baltimore, MD, 1962, 204-214

Published Papers -- Robert W. Bemer (31-60)

31. R.W.Bemer, W.Buchholz, "Character set",
Chapter 6 in Planning a Computer System, McGraw-Hill, 1962
-- Computer Abstracts 62-2004
32. R.W.Bemer, "A note on range transformations for square root and logarithm",
Commun. ACM 6, No. 6, 306-307, 1963 Jun
-- Computing Reviews 04902
-- Computer Abstracts 63-1839
33. R.W.Bemer, "The American standard code for information interchange",
Datamation 9, No. 8, 32-36, 1963 Aug, and ibid 9, No. 9, 39-44, 1963 Sep
-- Computing Reviews 04910
-- Computer Abstracts 63-2778
First major article on ASCII after its formal birth.
34. R.W.Bemer, "Numerical control and public computing power",
Proc. APT Tech. Meeting, IIT Research Inst., 1964 Jun, 61-74
35. R.W.Bemer, J.Booth, "Comments on bit-sequencing of the ASCII in serial
-by-bit data transmission", Commun. ACM 7, No. 8, 483-485, 1964 Aug
-- Computing Reviews 06519
-- Computer Abstracts 64-2270
36. R.W.Bemer, "Software systems customized by computer",
Proc. IFIP Congress 1965, Vol. II, 356, 1965 May 24-29
Genesis of the "Software"factory" concept.
37. R.W.Bemer, "Economics of programming production", in
Economics of Automatic Data Processing, A.B.Frielink, Ed.,
North Holland Publ. Co., Amsterdam, 1965, 155-166
-- Computing Reviews 09742
38. R.W.Bemer, "Progress in hardware and software",
Proc. Intl. Data Proc. Conf., Management Centre/Europe, 1966 Mar, 9-11
39. R.W.Bemer, "Aspects Economiques de la Production de Software", in
Mecanographie et Informatique, 1966 May
40. R.W.Bemer, "Information processing - a bit expensive?",
Forum Editorial, Datamation 12, No. 6, 140, 1966 Jun
41. R.W.Bemer, "A short history of FORTRAN", in
C.P.Lecht, The Programmer's FORTRAN II/IV, McGraw-Hill, 1966
42. R.W.Bemer, "Economics of programming production",
Datamation 12, No. 9, 32-39, 1966 Sep
43. R.W.Bemer, "ESC facility in USASCII",
Letter to the Editor, Commun. ACM 10, No. 4, 202, 1967 Apr
44. R.W.Bemer, "A history of ALGOL", in
C.P.Lecht, The Programmer's ALGOL, McGraw-Hill, 1967
45. R.W.Bemer, "Software and realtime systems", in
Management Information Systems -- an International Progress Report,
Management Centre/Europe, 30-37, 1967
46. R.W.Bemer, "On format effectors", Commun. ACM 10, No. 7, 396, 1967 Jul
47. R.W.Bemer, "Towards standards for handwritten zero and oh",
Commun. ACM 10, 8, 513-518, 1967 Aug
-- Computing Reviews 14629
-- Computer Abstracts 67-2508

48. R.W.Bemer, Foreword to C.P.Lecht, The Programmer's PL/I, McGraw-Hill, 1968
49. R.W.Bemer, A.L.Ellison, "Software instrumentation system for optimum performance",
    Proc. IFIP Cong. 68, Stwe 2, Book C, 39-42
    -- Computer Abstracts 70-1573
    -- Computing Reviews 15765
50. R.W.Bemer, "The economics of program production",
    Proc. IFIP Congress 68, Booklet I, 13-14
    -- Computer Abstracts 70-1409
51. R.W.Bemer, "Machine-controlled production environment",
    Report NATO Conf, on Stwe. Engg., Garmisch, 94-95, 1968 Oct 7-11
    First design document for a Software Factory.
52. R.W.Bemer, "Checklist for planning software system production",
    Report NATO Conf. on Stwe. Engg., Garmisch, 165-180, 1968 Oct 7-11
53. R.W.Bemer, "Program transfers need early planning", Computerworld, 1969 Feb 05
54. R.W.Bemer, "A politico-social history of ALGOL", in
    Annual Review of Automatic Programming 5, Pergamon Press, 1969, 151-237
    -- Computing Reviews 18976
    First definitive history of ALGOL development.
55. R.W.Bemer, "Program transferability",
    Proc. Spring Joint Computer Conf. 34, AFIPS Press, Montvale, NJ, 606-607, 1969
    -- Computer Abstracts 69-3162
56. R.W.Bemer, "Escape to reality",
    Forum Editorial, Datamation 15, No. 8, 239-240, 1969 Aug
57. R.W.Bemer, "Manageable software engineering", in
    Software Engineering 1, Proc. COINS III, Academic Press,
    New York, London, 1970, 121-138
    -- Computing Reviews 21123
58. R.W.Bemer, "Information processing standards",
    Proc. DPMA Intl. Conf. 1970, in Data Management 8, No. 9, 115-118, 1970 Sep
    -- Computer Abstracts 71-3126
59. R.W.Bemer, "What is ACM 70?", Datamation 16, No. 9, 22-24, 1970 Aug
    -- Computing Reviews 21884
    Summary of what was to have been a National Computer Year.
60. R.W.Bemer, "Origins of Report Generators for Computers",
    Foreword to C.P.Lecht, Report Generators, McGraw-Hill, New York, 1971,

Published Papers -- Robert W. Bemer (Part II)

This document covers papers 60-116, from 1971 through 1999.

For papers 1-59, from 1951 through 1970,

60. R.W.Bemer, "Origins of Report Generators for Computers",
    Foreword to C.P.Lecht, Report Generators, McGraw-Hill, New York, 1971,
61. R.W.Bemer, Foreword to M.Berk, The Programmer's COBOL,
    McGraw-Hill, Inter-ACT, New York, 1971
62. R.W.Bemer, (Ed.), Computers and Crisis,
    Petrocelli Books, ISBN 0-87769-140-1, 1971, 401 pp
    -- Editorial -- The Computer Bulletin, British Computer Soc., 1972 Feb
    -- Computing Reviews 22366, 22527, 23861
    -- Review, New York Times, Book Section, Sun 1971 Sep 05
    -- Review, Nature, 1972 Mar 24
    -- Review, Engg. Societies Library, 1972 Mar
    -- Review, Data Processing Digest, 1972 Feb
63. R.W.Bemer, "Manageable software engineering", in
    State of the Art Report 1, "The Fourth Generation",
    InfoTech Intl. Ltd., Maidenhead, Berks., England, 445-465, 1971 Jun
64. R.W.Bemer, "A view of the history of COBOL",
    Honeywell Computer J. 5, No. 3, 130-135, 1971
65. R.W.Bemer, "What's the Date?",
    Editorial, Honeywell Computer J. 5, No. 4, 205-208, 1971
    First worldwide published warning of the Y2K problem.
66. R.W.Bemer, "A software engineer's workshop: tools and techniques", in
    State of the Art Report 11, "Software Engineering",
    InfoTech Intl. Ltd., Maidenhead, Berks., England, 273-286, 1972
67. R.W.Bemer, "Publishing a journal with the SI system and making it work",
    Proc. 19th Intl. Tech. Commun. Conf., STC, Wash. DC, 89, 1972 May 10-13
68. R.W.Bemer, "A view of the history of the ISO character code",
    Honeywell Computer J. 6, No. 4, 274-286, 1972
    Sociological history of ASCII.
69. R.W.Bemer, "The role of a computer in the publication of a primary journal",
    Proc. 1st Natl. Computer Conf., 42, AFIPS Press, Montvale, NJ, M16-M20, 1973 Jun
    -- Computer Abstracts 74-1927
70. R.W.Bemer, A.R.Shriver, "Integrating computer text processing with photocomposition"
    IEEE Trans. Prof. Commun., PC-16, No. 3, 92-96, 1973 Sep
71. R.W.Bemer, "Computers and our society",
    NordData, Copenhagen, 1973 Aug, Honeywell Computer J. 8, No. 1, 49-54, 1974
    71a -- Reprinted in Jurimetric J., 1974 Fall, 43-55
    71b -- Reprinted (translated to German by Prof. Heinz Zemanek)
        as "über den computer in unserer Gesellschaft",
        Elektronische Rechenanlagen 19, 167-172, 1977 Aug
    71c -- Republished as "The frictional interface between computers and society",
        Computers and People, 14-19, 1975 Jan

      -- Computing Reviews 29244

      -- Computer Abstracts 77-2514

      Early warning of societal danger due to bad software.

72. R.W.Bemer, A.R.Shriver, "Integrating computer text processing with photocomposition"
Honeywell Computer J. 7, No. 4, 261-266, 1974

73. R.W.Bemer, "An analysis of the arguments about spelling of (SI) units",
American Metric J. 2, No. 2, 10,19,27, 1974 Mar/Apr

74. R.W.Bemer, "Metric according to Webster",
American Metric J. 2, No. 2, 14,59, 1974 Mar/Apr

75. R.W.Bemer, "Metric paper sizes ... there are none",
American Metric J. 2, No. 4, 25-26, 1974 Jul/Aug

76. R.W.Bemer, "European Market prepares to block all U.S. made goods",
American Metric J. 2, No. 6, 25-26, 1974 Nov/Dec

77. R.W.Bemer, "Public Education requested",
American Metric J. 3, No. 1, 5, 1975 Jan/Feb

78. R.W.Bemer, "Standards in performance evaluation and measurement",
Computer Performance Evaluation:
Report of the 1973 NBS/ACM Workshop, 141-144, 1975 Sep

79. R.W.Bemer, "Social aspects of computers",
Proc. HIS Computer Security and Privacy Symp., 33-35, 1975 Apr 29-30

80. R.W.Bemer, "Making microfiche irresistible",
J. Micrographics 9, No. 3, 103-107, 1976 Jan/Feb

81. R.W.Bemer, "ASCII -- the data alphabet that will endure",
Keynote, Proc. 2nd Natl. NBS Symposium on
Data Elements in Information Processing, 17-22, 1975 Oct 23-24

82. R.W.Bemer, "Alternatives to the generalized DBMS",
Proc. InfoTech State-of-the-Art Conf., Report 39,
"Online Data Bases", 149-161, 1976 Nov 08-10

83. R.W.Bemer, "Toward the complete software factory",
Proc. Honeywell Software Productivity Symp., 651-658, 1977 Apr 26-28

84. R.W.Bemer, "Inside ASCII - Part I",
Interface Age Magazine 3, No. 5, 96-102, 1978 May

85. R.W.Bemer, "Inside ASCII - Part II",
Interface Age Magazine 3, No. 6, 64-74, 1978 Jun

86. R.W.Bemer, "Inside ASCII - Part III",
Interface Age Magazine 3, No. 7, 80-87, 1978 Jul
      First major tutorial on total ASCII.

87. R.W.Bemer, "Introduction to the TEX language - Part I",
Interface Age Magazine 3, No. 8, 144-177, 1978 Aug

88. R.W.Bemer, "Introduction to the TEX language - Part II",
Interface Age Magazine 3, No. 9, 124-127, 1978 Sep

89. R.W.Bemer, "Introduction to the TEX language - Part III",
Interface Age Magazine 3, No. 10, 126-131, 1978 Oct

90. R.W.Bemer, "Using ASCII",
Computers Today 1, No. 1, 1979 Jan

91. R.W.Bemer, "Time and the computer",
Interface Age Magazine 4, No. 2, 74-79, 1979 Feb
      Second worldwide published warning of the Y2k problem.
      Basic time document for design of the Internet.
      Referenced in "Connected: An Internet Encyclopedia",
      Internet RFC 822, Appendix 7, Bibliography

Published Papers -- Robert W. Bemer (91-116)

91. R.W.Bemer, "Time and the computer",
    Interface Age Magazine 4, No. 2, 74-79, 1979 Feb
    Second worldwide published warning of the Y2k problem.
    Basic time document for design of the Internet.
    Referenced in "Connected: An Internet Encyclopedia",
    Internet RFC 822, Appendix 7, Bibliography
92. R.W.Bemer, "Metrication aids education -- and vice versa",
    Mathematics Teacher 72, No. 4, 254-260, 1979 Apr
93. R.W.Bemer, "New software ensures integrity of files while allowing access to data",
    Editorial, Computer Business News, 1979 Jun 04, p. 16
    (adapted from "Indirect file access", Interface '79, Chicago)
94. R.W.Bemer, "Information acquisition, storage, and retrieval in the
      office environment", in
    State-of-the-Art Report 66, "Information Technology",
    InfoTech Intl., Maidenhead, Berks, UK, 7/1-7/13, 1979 Nov
95. R.W.Bemer, "Office automation and invisible files",
    Automazione e Instrumentazione 7, No. ?, 1980 Mar, Italy
96. R.W.Bemer, "Incorrect data and social harm",
    DATA Magazine, Copenhagen, 10, No. 9, 43-46, 1980 Sep, 43-46
    96a -- Reprinted in Computer Security J. 1, No. 2, 1982 Winter, 51-56
97. R.W.Bemer, "TEX-based screen editor",
    Proc. HLSUA Forum XXXI, 158-160, 1980 Oct 12-15
98. R.W.Bemer, "File management for office automation",
    InfoTech State-of-the-Art Conf., London, Vol. 2, 15-26. 1980 Nov 26-28
99. R.W.Bemer, "Problems and solutions for electronic files in the office"
    Proc. AICA Annual Conf., Pavia, Italy, 131-133, 1981 Sep
100. R.W.Bemer, "Honeywell Screen Environment",
    Proc. HLSUA Forum XXXIII, 397-401, 1981 Oct 5-7
101. R.W.Bemer, "Computing prior to FORTRAN",
    Pioneer Day, Proc. Natl. Computer Conf., 51, AFIPS Press,
    Montvale, NJ, 1982 Jun, 811-816
    -- Also in Annals of the History of Computing 6, No. 1, 16-18, 1984 Jan

102. R.W.Bemer, "Standards for keyboards",
    Intl. J. Computers & Standards 1, 1982, 133-135
103. R.W.Bemer, "Coordinated Text and Transparencies",
    Commun. ACM, Pracniques Section, 1983 Jun
104. R.W.Bemer, "The Screen Environment (R) as an Application and
    Software Factory Shell",
    Proc. HLSUA Forum XXXVIII, 287-291 (double-paged), 1984 Apr 08-11
105. R.W.Bemer, "Working on Moon Mountain", (See it)
    Reader's Forum, Datamation, 1984 Sep 16, 173-176
106. R.W.Bemer, "Nearly 650 memories of the 650",
    Annals of the History of Computing 8, No. 1, 66-69, 1986 Jan
107. R.W.Bemer, "File-Driven Applications",
    Proc. HLSUA Forum XLII, 296-300 (double-paged), 1986 Apr 06-09

108. R.W.Bemer, "Making Changes to a File",
     Honeywell Independent Users Monthly, Vol. 4, No. 4, 1986 Apr
109. R.W.Bemer, "PSE -- a New Screen Environment (R) Product",
     Proc. HLSUA Forum XLVIII, 1989 Apr 09-12, ?-? (double-paged)
110. R.W.Bemer, "Government's role in the year 2000 crisis",
     Keynote, Govt. Y2K Conf., Washington DC, 1997 Dec 10
111. R.W.Bemer, "The Y2K Solution, 'a silver-plated bullet',
     Keynote, 6th Annual Midwest Intergovt Tech Conf., Columbus, OH, 1998 Apr 29
112. R.W.Bemer, "XDAY! eXchange DAY -- a proposal by Bob Bemer", 1998 Nov 20,
     at http://www.year2000.com/archive/bemer.html
     A convenient way to do time calculations.
113. R.W.Bemer, "The Y2K problem was avoidable, at virtually no cost/effort",
     Keynote - Lex Millenniale Conf. of Center for International
     Legal Studies, Boston, MA, 1999 Apr 17
114. R.W.Bemer, "How will you clean up the present mess? --
     law, guilds, evangelism, cloning, or better miracles?",
     Keynote, Dept. of Defense Software Technology Conf., 1999 May 03
115. R.W.Bemer, "Interim method of using two characters for four-digit years",
     Proc. Dept. of Defense Software Technology Conf., Salt Lake City, 1999 May 04
116. R.W.Bemer, "Y2K Excuses",
     Westergaard online, 1999 Dec 30
