REMINDER

The deadline for the January directory is **December 15**.

We are grateful for any suggestions that help us in compiling the directory. Please send suggestions or changes (departmental, field offices) to Sandy Latvalla, ML4-3/A25.

Personnel listing changes should be sent to Mary Stanton, ML4-3/A25. Mail stops and location codes must be included with all personnel changes as well as departmental changes.

Thank you.

GENERAL INFORMATION

CALLING INSTRUCTIONS from MAYNARD Only

LOCAL CALLS

Dial 89 and the desired number for Maynard and Stow (897), Acton and Boxborough (263), Concord (369), Sudbury (443), or Hudson (562, 568) calls.

LONG DISTANCE CALLS

Refer to your **DIGITAL WATS CARD** for complete dialing instructions. For operator assistance on WATS dial **DEC "O"** operator.

PERSON-TO-PERSON, COLLECT, THIRD PARTY BILLING

Dial 99-0 and the desired number. A Telephone Company operator will intercept and assist you. She will process the call once you have given her the number that you are calling from (897-5111). These calls are billed at a higher rate than direct dialed calls, so discretion should be used when placing these calls.

INTERNATIONAL CALLS

Calls to Galway and Reading are placed daily by a **DEC** operator. Anyone, with the exception of Maynard (Maynard has direct dialing), wishing to talk to someone there should call the **DEC** operator, dial "O" and ask to be placed on the list. Calls to Geneva and Puerto Rico (San German and Aguadilla) are also handled by a **DEC** operator. These calls are made over a lease line and should be placed through the **DEC** operator to eliminate the charge of an overseas call.

IDDD (INTERNATIONAL DIRECT DISTANCE DIALING)

Maynard now has International Direct Distance Dialing which means there are several countries which can be reached by dialing direct. Dial 99-011+Country Code+City Code and then the telephone number. If you do not have above information call the **DEC** operator for assistance and request an IDDD instruction card.

SERVICES

CREDIT CARDS

To have a Telephone Credit Card a person must submit a request to Dottie Way, location ML4-3/A25. This request must be authorized by the Cost Center Manager.

TELEPHONE SERVICE REQUEST

The Telecommunications Department is available for consultation with any department concerning their communication needs. If you are in the process of expansion, relocation, or just want to review your present system call us on extension 2915, or send request to Linda Maher, ML4-3/A25.

DIRECTORY ASSISTANCE (DEC)

Dial extension 3116 in Maynard when you need help in finding any unknown listings.

DIRECTORY ASSISTANCE (Telephone Company)

Dial 89-411 for local Telephone Company operator.

Dial 95-411 for Metropolitan Boston Information

Dial 99-1-555-1212 for area code 617 information.

Dial 99-1-AREA CODE-555-1212 for information out of your area code.

CONFERENCE CALLS

Conference calls consisting of only one party outside of **DEC** can be arranged by dialing "O" for the **DEC** Operator. Conference calls involving more than one outside party must be arranged by contacting the Telephone Company Operator (Dial 99-0 and ask for the Conference Operator).

TRANSFERRING CALLS

Only calls that are incoming to **DEC** are transferable. Depress the switch hook slowly, then release; a **DEC** operator will soon handle your signal. If you fail to get the operator back after 30 seconds dial "O" from another phone and ask to have the operator go in on the call.

If you are at another **DEC** facility and need correct dialing instructions, call the **DEC** operator at the facility where you are located.

MAYNARD AND MARLBORO

MESSAGE CENTERS

MAYNARD

The corporate MESSAGE CENTER allows us an alternative method of communicating business related matters other than telephone and mail anywhere in the world with a minimum of delay. Intelligent use of the facilities can save a significant amount of money presently being spent on telephones, if used with some discretion. The MESSAGE CENTER is located at PK3-1.

SERVICES PROVIDED:

1. **DIAL-A-MESSAGE** -- This is a recording that will store your dictated outgoing messages to be transmitted via telex, TWX or **DECNET**. Dial 5555 and wait until you hear a beep tone, then recite your message using the following format:

The name and location of the person to whom the message is to be sent.

The sender's name, department/location, extension (if any questions) and reference (if any).

Text.

NOTE: It is important that you spell all unfamiliar words and names. Speak slowly and distinctly as the background noises and voice variances often account for transcribing errors. An operator then will transcribe it and send it out.

2. **DECNET** -- The corporate message switching system which uses dialing facilities within the United States, and leased lines to Puerto Rico, Switzerland (relay for Europe), Ireland, Australia, Japan and Rio. This is **DIGITAL**'s own private leased teletype network which is available to us 24 hours a day. If you are having difficulties communicating to any of these locations via telephone or memo, or if you want to decrease your telephone bill, consider using **DECNET**. Bear in mind the time differences in Europe warrant early morning communications. **DECNET** Station Codes for all traffic can be found in **DECNET** Directory of Stations.

3. **FACSIMILE** (Telecopier) -- If you have an already printed or typed document on 8½ x 11 or smaller paper, this facsimile machine can duplicate it and transmit it to another location equipped with such a machine. Also, some of our vendors and customers have similar machines to which we can transmit. Call extension 2552 in PK3-1 and ask. Telephone numbers related to facsimile (telecopier) equipment are listed in this directory for **DEC** locations which have such equipment.

4. **TWX** (Teletypewriter Exchange Service) -- Used to send messages to domestic, Canadian and foreign locations and customers. TWX may also be used by our vendors and customers. Our TWX number is 710-347-0212.

5. **TELEX** -- Areas of the world that are not covered by **DECNET** may be reached by **TELEX**. Our **TELEX** number is 948457.

6. **MISCELLANEOUS** -- For communication with vendors or customers who do not have any of the above machines, the following services are also available at the MESSAGE CENTER:

- A. **MAILGRAM**--Next day delivery; domestic only (ZIP code needed).
- B. **TELEGRAM**--Generally same day delivery; domestic only.
- C. **CABLE**--International Telegram; delivery as soon as possible.
- D. **LETTER CABLE**--International; delivered next day.

MARLBORO

The Marlboro Message Center is located on MR1-1, A87. We have the following services:

1. Two **DECNET** terminals, MR11, MR12. MR11 is a direct line to the **DECNET** computer. MR12 is a dial-up terminal.
2. **FACSIMILE** (Telecopier) -- Information is the same as listed for Maynard. If you have any questions call extension 6796 in MR1-1 and ask.
3. **TELEX** -- We can send messages to telex machines anywhere in the world via Maynard's telex machine.
4. **TWX** -- The information listed for Maynard is the same for Marlboro with the exception of the TWX number. The TWX number for Marlboro is 710-347-0348.
5. **MISCELLANEOUS** -- Miscellaneous services available at the Message Center in Marlboro are the same as listed for Maynard.

DECNET SYSTEM

DECNET is the corporate message switching system. This system replaces the manual methods of sending and receiving teletype messages.

The **DECNET** system now has sixteen incoming telephone lines, arranged in three groups. When you dial the number for a particular group, you will receive a "busy" signal only if all lines in that group are busy. **DECNET** users who can dial Maynard extensions from their terminal either directly or via the tie lines, should call extension 1111. There are ten lines in this group. Users in Massachusetts, Hawaii, and Canada who do not have tie lines to Maynard should dial (617) 897-3261. This group has only two lines, and should not be used by anyone who can access the system in some other fashion. Users in this category may also reach **DECNET** by calling (617) 897-5111 and asking the operator for extension 1111. Users in the continental United States (except Massachusetts) who do not have tie line access to Maynard may use our **IN-WATS** facility. If you call **DECNET** at (800) 225-9440, the charge for the call will appear on our phone bill rather than yours. There are four lines in the **WATS** group.

DECNET is in general available 23 hours each weekday and 24 hours on weekends and (Maynard) holidays. It is shut down at 2100 and brought back up at 2200 on weekdays. (Thursday night is our usual night for preventative maintenance and the system may be down until midnight.) System operators are in attendance from 0730 to 2300 EST, Monday through Friday.

The following dates are Maynard holidays and there will be no system operator in attendance:

November 25, 26, December 23, 24, 25, December 31 and January 1.

In case you are unable to reach the system send a message to the terminal system or the following numbers are available for help:

897-5111, X3566--**DECNET** operator (voice)

897-5111, X2552--MESSAGE CENTER operator (voice)

A **DECNET** Terminal Operators Guide may be obtained by calling extension 3566.

We suggest you observe the **DECNET** Station Codes on the following pages.

Messages for foreign locations not listed should be directed to DECNET Terminal **FORN**. Urgent messages for foreign locations which do not have a DECNET terminal should be sent to **FORN**, i.e., an urgent message for Madrid should be sent to **FORN**, even though Madrid traffic is normally relayed via Geneva. All messages for Munich, however, should be sent to **MUNB**.

GROUP STATION ID CODES

Group codes should be used only to send a single message to many terminals. Up to five group codes are permitted as destinations for any message.

MAIL SERVICES

POST OFFICE MAIL

PACKAGING--DO'S:

- * Use an envelope that corresponds to the size of the contents.
- * Use a green bordered envelope when mailing first class mail.
- * Seal all envelopes. Staple large brown envelopes. (Consult Mailroom for recommended staple)
- * Attach note when special services are requested.
- * Special Delivery mail must be hand carried to Mailroom for special delivery service.

PACKAGING--DON'TS

- * Do not use green border First Class envelopes for International mail.
- * Never use Jiffy Bags when 10 x 13 envelopes will do (Postal Service treats large mailers as lower priority).

ADDRESSING:

ADDRESS MUST INCLUDE:

1. Person's name or company name or both
2. Street address
3. City
4. State
5. Zip Code

RETURN ADDRESS MUST INCLUDE:

1. Person's name
2. Department name
3. Location/mail stop

NOTE: Avoid, when possible, using "attention: person's name" below the address. Name should be included in address.

INTEROFFICE MAIL

PACKAGING:

- * Use Interoffice envelopes or route slips.
- * Don't use a Jiffy Bag or large mailer if an Interoffice envelope or route slip will do.

ADDRESSING:

ADDRESS MUST INCLUDE:

1. Location/mail stop.
2. Person's name or department name.

NOTE: Failure to include location/mail stop will delay your mail.

FIELD OFFICE MAIL

PACKAGING:

- * Use interoffice envelopes or route slips.
- * If Jiffy Bag or large mailer is necessary, attach completely addressed mailing label.

ADDRESSING:

1. Location code
2. Mail stop (if applicable)
3. Person's name
4. Return address (location/mail stop)
5. Print clearly to avoid confusion.

Example:

"MV"--Mt. View, California
"MU"--Munich

- * Destination of field office mail is determined by the sender.
- * Use correct location code.

Example:

Reading, England
"RG"--UK District, Fountain House
"RN"--Reading Branch, Portman Road
"RE"--Reading Computer Special Systems, Arkwright Road
"RA"--North European Region, Kings Road

NOTE: Do not write out city name of field office. Some cities have multiple facilities and multiple location codes.

HANDLING:

MARLBORO:

- * Field Office mail is consolidated by location code at MR1 mailroom.
- * Mailed daily to all offices at 3:30 p.m.

MAYNARD:

- * Field office mail is consolidated by location code at the PK3 mailroom.
- * Mailed daily to all offices at 1:00 P.M. and 3:00 P.M.
- * Mill mailroom consolidates mail for regional offices and San German (SG), Aguadilla (AG), Galway (GA), Kanata (KA), Phoenix (PN), and Albuquerque (AB) plants only.
- * Mailed as follows:
 - AB and PN -- Daily (U.S. Mail)
 - AG and SG -- Tuesday and Thursday (DEC airplane)
 - KA -- Mondays and Wednesday (DEC airplane)
 - GA -- Fridays (DEC airplane)
