Hector Ruiz

A Career of Inspirational Leadership

Dr. Ruiz joined AMD in January 2000 as president and chief operating officer, and was named chief executive officer in April 2002. He was appointed as chairman of the board in April 2004. Previously, Dr. Ruiz served as president of Motorola's Semiconductor Products Sector.

In his 22-year career with the technology firm, Dr. Ruiz held a variety of executive positions in the United States and overseas. He also worked at Texas Instruments in the company's research laboratories and manufacturing operations.

Born in Piedras Negras, Mexico, Dr. Ruiz earned bachelor's and master's degrees in Electrical Engineering from the University of Texas, Austin. He earned his doctorate in Electronics from Rice University in 1973.

Continued on back flap

Dr. Ruiz is passionate about the role of technology in education and empowering the underprivileged. At the 2004 World Economic Forum in Davos, he announced AMD's 50x15 Initiative, a commitment to empower 50% of the world's population with basic Internet access by the year 2015.

Dr. Ruiz currently serves on the National Security Telecommunications Advisory Committee (NSTAC), which provides industry-based advice and expertise to the President on issues and problems related to implementing national security and emergency preparedness communications policy. Dr. Ruiz also serves on the Eastman Kodak Company Board of Directors, the advisory board for the Tsinghua School of Economics and Management (TSEM), and the Board of Directors for the Semiconductor Industry Association (SIA).

Dr. Hector de J. Ruiz

Dr. Ruiz served as President of Advanced Micro Devices Inc., from January 2000 to January 2006 and its Chief Operating Officer since January 2000. Dr. Ruiz joined AMD in January 2000. Before joining Advanced Micro Devices Inc., he served as President of Semiconductor Products Sector of Motorola Inc. from 1977 to 1991. Dr. Ruiz served as a Senior Vice President of Motorola Inc. from 1991 to 1995 and General Manager of its paging and messaging businesses and also served as an Executive Vice President and General Manager of those businesses since 1996. Before joining Motorola, Dr. Ruiz worked at Texas Instruments Inc. from 1972 to 1977. He has been an Executive Chairman of Advanced Micro Devices Inc. since April 2004. He served as Chairman of Spansion Inc. from November 2005 to September 20, 2007. He serves as a Vice Chairman of the Semiconductor Industry Association (SIA). He has been an Executive Director of Advanced Micro Devices Inc. since 2000. He has been a Director of Eastman Kodak Co. since January 2001. He serves as a Director of The International Engineering Consortium. He serves on the Board of Trustees of Rice University. Dr. Ruiz serves on the President's Council of Advisors for Science and Technology (PCAST). Dr. Ruiz is actively committed to education and serves on the Foundation Advisory Council for the College of Engineering at the University of Texas. Dr. Ruiz was appointed to the Texas Higher Education Coordinating Board in 1999. Dr. Ruiz earned a Bachelor's and a Master's degree in Electrical Engineering from the University of Texas at Austin before earning his Doctorate in Electronics from Rice University in 1973.
