

Welcome to the One Laptop per Child community! By donating or receiving an XO laptop, you have become part of our greater mission to bring education and empowerment to children all over the world.

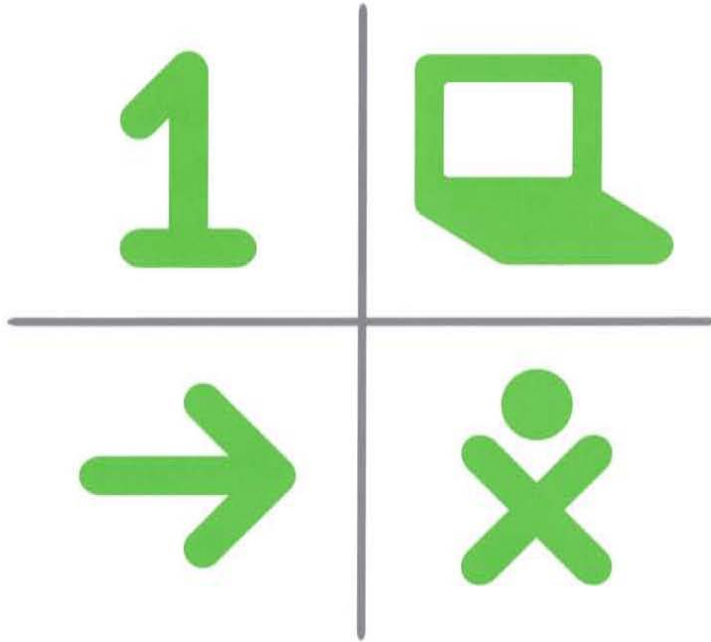

One of our goals is to be as environmentally responsible as possible, which is why the XO laptop is shipped without much information printed on paper. Instead, we invite you to visit [www.laptopgiving.org/start](http://www.laptopgiving.org/start) to find out everything you need to know to get started. If you have questions about your XO laptop, please call [1-800-269-1347](tel:1-800-269-1347).

Thank you for believing in One Laptop per Child. Together, we can create a connected, educated, enlightened future for the world's most essential resource—its children.
