Title: Monogamy isn't free sex
Comment On: 67766977 Comment By: 84557482

Message:

No, monogamy isn't free sex, by any means!! Think three times before
you get into this one, if you are considering it.

It's the worst, best, ugliest and most amazing game humans have come
up with, when you consider all the differences inherent between men
and women to start out with. Maybe the whole thing is a mistake - a
carryover from ancient times when the status of women in society was
more repressed (if men started it), or maybe it's a woman's way to get
and maintain power in ancient times - and even now(??)

Anyway, when it's good, there is no better security, but when it's bad
it's ugly to get out of, and it's even more of a challenge to get
through. Does anyone out there know if it's really worth it to stick
it out? What do you get if you stick it out? Brainwashed by the
situation and repressed more yourself, or elevated somehow?

Title: Graphics for community publications

Comment On: Comment By: 118106501

Message:

I am looking for graphic artists who would like to help create a community 'clip art' library for non-profit books, newsletters and flyers. I think this can be a paying proposition but will take some work to set up. What I am particularly interested in myself is getting a large selection of sketches of day to day life, i.e. people eating, working and playing; local vegetation; food etc. This sort of art is missing entirely from clip art books I have looked at, and most of us can't afford to commission art for a particular project. Interested? Leave me a message here. I'll check back in a couple of weeks. Thanks Mary

Message:

Rider wanted to Alaska. I will be driving home to Alaska
(Anchorage) at the end of February or the beginning of
March and would like someone to help drive and share

expenses. It will be in a 1985 172 Datsun 4x4 pickup with a camper shell and heater so it shouldn't be expensive. If you're interested please call Dave at (707) 644-1500 as soon as possible (keep trying). It should be a really great trip. The Northland is really beautiful in the wintertime.

CALIFORNIA CAN BE A VERY LONELY PLACE FOR A NEWCOMER TO TRY TO SETTLE INTO AND MAKE FRIENDS. EVERYONE SEEMS TO BE SO BUSY AND CAUGHT UP IN THEIR OWN ACTIVITIES TO CARE ABOUT MEETING NEW PEOPLE OR EXTENDING A FRIENDLY OR COM- PASSIONATE HAND. MAYBE THERE IS JUST TOO MUCH TO DO HERE FOR PEOPLE TO SLOW DOWN. I OFTEN WISH I HAD STAYED IN GENEVA, NEW YORK BUT NEED TO EXPERIENCE LIFE IN A NEW PLACE. AS A NURSE AND A MALE THE BAY AREA OFFERS MUCH. I JUST WISH MORE TRUST EXISTED IN OAKLAND AND BERKELEY BETWEEN COMMUNITY MEMBERS.

Title: LINDA HIRSCHORN'S album: SKIES ABLAZE: Great!
Comment On: Comment By: 101327333

Message:
LINDA HIRSCHORN'S album, SKIES ABLAZE, is truly incredible. I listen to it over and over. Try it, I got my copy at Tower Records. It combines the best of women's music, folk and has a dancy and classical side too. I find it more varied then most folk/political music which I'm somewhat prejudiced against usually. Her concert at La Pena on February 9 was sold out. Catch her where you can.

Message:

GIVEN THE LONG TIME OTHERS SPEND AT THIS TERMINAL, LACK OF DIAL-UP
ABILITY PREVENTS MANY LIKE MYSELF FROM EVER ACCESSING THIS SYSTEM. IT
ALSO MAKES IT IMPOSSIBLE TO PUT FULL TEXT OF MEETINGS SUCH AS CITY
COUNCIL OR COOP BOARD ON LINE AND AVAILABLE TO PUBLIC. IT ALSO LIMITS
COMMENTS, ETC. TO SHORT MESSAGES USUALLY COMPOSED ON THE SPOT.

Comment On: Comment By: 101371874

Message:

Do you want to buy a good bass guitar for a reasonable price?

I used to be into playing rock music. Now I'm so busy, I just listen (actively?). I'd like to get my bass out of my closet and into your hands. I had to sell my amp to afford the move out here, and since it's been two yrs and I haven't replaced it, I'm cleaning house.

The bass is a starburst yellow/red Fender copy. I always took real good care of it, and the strings on it are old but haven't been played much.

I'd like to get about \$120 for it, but leave a message and we'll see how she does. . .

Comment On: Comment By:

Message:

Experienced PICK system manager seeking employment.

My current company is going out of business. If
were not the case I would not be looking elsewhere.

I am an extremely hard-working, quick-learning,
people manager with experience on a variety of hardware
in retail and production environments. I am also
experienced with UNIX.

I am interested in a position in a growing company with
a positive and forward-looking outlook. I have a BS in
Business Management, and I'm not "above" doing the
work that I request my people to do. I really enjoy
training and supervising, as well as handling the other
computer-related aspects of the business (scheduling,
inventory, interface with various departments and
outside service personnel, etc.).

If you need a team player to oversee all of the technical
and supervisory aspects of your computer system, please
respond to this ad.

Thank you.

Comment On: 67797194 Comment By: 84578610

Message:

Workers' ownership of capitalist enterprises is just
a way for workers to manage their own exploitation.
It is ownership of means of production, both natural
and human-made, that allows capitalists to extract
surplus value. This ownership can take the form of
debts owed by the nominal owners to banks and 'former'
owners. In industries with little fixed capital,
the workers are exploited indirectly by the capitalists
who profit off of the commodities they must buy. If
the workers were to own substantial means of production,

they would be collective (petty) capitalists and not proletarians.

This message was indeed from Robert Charles Black Jr,

the dead (how brave!), putting acid in the punch at a

Come on, coward. If you don't like PW try to do
better. The folks at "No Middle Ground" don't (maybe)
like it, but instead of attacking PW they do their own work - a good
magazine. What do you do, except go to

Comment On: Comment By:

Message:

20 year old male lead singer is seeking a position in a working or "almost working" rock band. I have good range and experience as the former lead singer of the SUN KINGS (nobody else has heard of it either) and was also part of a vocal duo with Kenny Leon in Stockton. I'm looking for a T40 style band with some original material. Influences include Huey Lewis, McCartney, Jackson, Springsteen, Stones, etc. No heavy metal or New wave. Willing to try anything else though. Please leave any responses. thanks.

Comment On: 17463022 Comment By:

Message:

My name is TJ Bob. In approximately six months from now I will be

traveling to remote spots within the southern Baja peninsula. At that time, I would like to own some sort of Ham radio rig that would allow me to communicate via phone patch with family and friends in the states. Being that #1. I don't have any idea wheather this is possible, feasable, nor what equipment would be most appropriate, and #2. I do not currently own ANY Ham gear, and therefore find it impossible to communicate with the network as currently structured (Whew!). SO...are there any kindly hearted souls who might just give me a jingle, and some guidance? If so, please call TJ Bob at (415)673-0561 and THANKS!

So there should be no experiments in collective control of the

capitalist (sneer) lurking somewhere, then he'll exploit EVERYONE in

lull the noble proletarians into a feeling that they can DO SOMETHING
and prepare themselves and others (through their experience) for the
inevitable consequences of the ONE GREAT SPASM OF REVOLUTION when you

Under the modern capitalist system, electoral politics
isn't the basis of power or where decisions are made.
Democracy is an absurd circus and a very powerful
mystification in the eyes of working class people,
and 'abstentionism', a conscious revolutionary
opposition to all electoral politics is the starting
point of any revolutionary anti-capitalist destruction
of this dead society. Abolish Wage-Labor, Abolish the
market economy, destroy all governments in a world-wide
proletarian revolution, go ahead and take your dreams
for reality!

Title: Unions are capitalist institutions
Comment On: 84551993 Comment By: 101331727
Message:

In spite of all the mythology about the virtues of
unionism, the simple fact of the matter is that all
unions are capitalist wage-labor brokerages that exist
to deliver working people as a labor commodity into the
market system, and to police us and seperate us from
other proletarians if our active anger threatens to go
beyond the capitalist terrain of the unions and their
pals, the bosses. Check out the pamphlet, "Unions
Against Revolution" by Grandizio Munis and John Zerzan
for an introduction to the revolutionary opposition to
unionism. In places where working class people fight
back more often and in a more conscious and generalized
way, in Spain and Italy for example, many workers are
aware of what all smart union officials are aware of-
that the unions exist for capital, not for the proles.

The laughable, libertarian(sic!) party have ripped their name and even some of their rhetoric off of the Bakuninist wing of the First International, the term 'libertarian' was coined by the French Anarchist Sebastian Faure to describe the intransigently anti-capitalist and anti-statist tendencies of the workers' movement. Some 'liberty' you scumbags want, tell me, mister fake-liberatrian, don't you think that wage-labor is one fuck of a coercive social relation? In the coming libertarian communist revolution, a lot of phony 'libertarians' and phony Communists(sic!) are going to get it! Speaking as a REAL Libertarian, as a libertarian communist, I can say that to us, the only question in our dealings with the libertarian(sic) party-types is a question of who brings the rope!

THE DAYS OF PROMISCUITY ARE OVER

Given the fact that AIDS is a contagious and fatal and presently incurable disease; that it is contracted by sexual intercourse; that it is epidemic in certain African nations among heterosexuals; that heterosexuals in this country are beginning to contract AIDS; and that the more sexual partners an individual has, the greater are his or her chances of contracting the disease--- given all that, what can the life-affirming person do but raise a glass in gratitude and remembrance to the golden age of "free sex" (the 1960s & 70s) and settle down with one hot lover & fuck your brains out?!!!!

Message:

If you have kids who are old enough to understand your dilemma the separate and explore you new found feelings of sexuality. If not then talk to your husband if he understands and is able to give you the space you need to do this exploration the stick with him he could be a good friend. Then again if he is an asshole about the whole thing then take the kids and get out!! there are a lot of us lesbians who love kids and women with kids, and women without. It is never too late to start again.

sighed,

another women once in the same place.

p.s. it is worth the pain of separation and loss of a husband to be free!!!

I'll tell you some reasons I have. They leave your vagina smelling very very strange. Your vagina feels very slimmy and gross after fucking. Plus can you name one part one your body that taste, smells, moves, or even sounds like a vagina? Great stuff!!

Because you are a man and have very little insight as to how lesbians feel (or else you would not have asked the question you have asked) or why we feel the way we do i have put this in to the only terms that you would understand, physical ones. And that my dear boy is what makes men pricks in every sense of the word!!!!!!!!!!!!

Hi. I write librettos and work sometimes in electronic music. The show we're working on now is about a rich man who plants radioactive trees on his farm without asking the people who live ther if they're willing to live with the things, a Kreon archetype. There's a love story thrown in, too. I'm not looking for a lover, actually, but you put your add under Music, and I am looking for people to jam with, in sort of a jazz/Stockhausen style. My message telephone is 864-9343. Yours, Will G.

Title: Musician looking for people to jam with
Comment On: Comment By: 84601582

Message:

Performance artist and musician with principal professional background in classical theater is looking for people to work with, particularly jamming or developing electronic music. I have a couple of small synthesizers and have worked a lot in word-music, also have built a couple of theaters and produced six of my own scripts in somewhat austere musical settings. Also I read tenor fairly well and enjoy singing Renaissance music, though it's ages since I've practiced properly. I enjoy improvizing music based on classical texts, e.g. Dante or Lorca or Eliot. Also would enjoy working with new work, new notational systems, other people's pet madnasses as well as my own. I have to leave a message number because that's all I have at the moment. Will Grant, 864-9343.

Message:

Dear Michael,

Just because that message is on the bulletin board doesn't mean that UCSF checks here regularly, or even that they put it there at all. More likely it was just a fellow human being trying to share a tip. Your best bet would be to contact them.

A Friend

p.s. a roommate of mine put in her name there, didn't hear anything for six months, then got called in to two interviews in one week and ended up with a great job. I guess the moral is to have patience; they're not the quickest responders on earth. It might speed things up to harass them periodically

Title: Rebuttal about lesbian controversy.
Comment On: 84590132 Comment By: 101330065
Message:

No, that is not what this response refers to, at least not
principally. It refers to the response already given thereto, as was
clearly enough indicated by the system question in response to which I

pressed the FES key. SO MUCH FOR BAD SYSTEM DESIGN.

I just wanted to remark that the lady's generalization about men's attitude toward the purely physical, etc., is quite inaccurate, as any normal man is well aware. Unfortunately, the author of the crude question about lesbians was obviously not a normal man. The excessive loudness of stupid minorities can mislead people who have no alternate sources.

I have no complaint about lesbians. They, like anyone else, have to deal with their situation as they find it. They would be doing no one a favor if they tried to follow redneck advice by pretending things were any different. And, as a single man, I have often found lesbians easier to get along with than heterosexual women, because they have gotten past the stage of aggressively saying "No," to the point where they actually believe (deep down inside) that it has already been said.

That, too, is perhaps a silly generalization about heterosexual women ... but nevertheless a complaint based on the experience of excessive repetition of another stupid pattern of behavior.

Comment On: 84558968 Comment By:

Message:

Although there is no such thing as 'a Polish', except in a fast-food/fast-talk restaurant, a Pole is certainly Polish. The response was no more grammatical than the original in that area. Of course, all three of us are referring to English usage; the Polish language itself has a different set of terms, heavily inflected.

Incidentally, how many Polish popes does it take to lead the Catholic church safely back out the 20th century?

Room for Rent! Available March 15. Nice but small
room in large flat near Lake Merritt. Share with one
male sculptor/musician and one female artist. We would
prefer a nonsmoking woman without pets but are willing
to be persuaded otherwise. There is off-street parking
washer/dryer, fireplace, back yard, nice neighborhood.
We share cost of utilities but not food. Rent is \$200/
month: we would like first and last plus \$120 deposit.
We are friendly but independent and looking for someone similar. Call
between 9:30 am and 10:30 pm. Ask for

Pat or Gary. Nice place! Nice people! 835-3393

Title: HEALTH HAZARDS OF VDTs-CAUSES & CURE

Comment On: Comment By: 134919742

Message:

Computer burn-out is a fact of modern office life. Eye strain, headaches, fatigue are common symptoms of "Video Operators Distress Syndrome" (VODS). If you suffer from VODS, there is a new answer to the problem. Much of VODS is caused by a severely depleted negative ion field in front of the terminal screen. The highly positive ion field around your face is a known physiological stressor. This ion imbalance is caused by the electro-static field set up across the face of the tube. This static field is also what causes all that dirt to accumulate on the tube face. You can get rid of this by using a grounded shield over the face of the tube. This grounded shield is a patented product from SUN-FLEX CO. of Novato called the VOLTFREE screen. It is a fantastic glare screen and also protects against ion depletion and also the Very Low Frequency (VLF) electro-magnetic radiation that is implicated in so many health studies as a leading cause of miscarriage, stillbirth and other reproductive problems of VDT workers or their mates. Men are not immune to these problems; radiation affects sperm and ovum alike.

Call Sun-Flex at (415) 883-1221 for more information. The odds are that your boss won't tell you and neither will the terminal makers association. (This screen has become a standard for the County of Alameda and the University of California.)

PENNY WEIGHT -FORTUNE MACHINES AND DECIDES TO TRY HER LUCK --IN
GOES A PENNY AND A LITTLE WHITE CARD COMES OUT AND SAYS " YOU ARE A
NUN.YOU WEIGH 105 LBS. AND YOU ARE WAITING FOR FLIGHT 309 TO CHICAGO"
---- NEEDLESS TO SAY, SHE IS DUMMBFOUNDED. AFTER SITTING A WHILE SHE
GETS UP AND PUTS ANOTHER PENNY IN AND ANOTHER LITTLE WHHITE CARD COMES
OUT AND SAYS "YOU ARE A NUN--YOU WEIGH 105 LBS. YOU ARE WAITING FOR
FLIGHT 309 TO CHICAGO. WHEN YOU GET OFF TTHE SCALE YOU WILL FART."
WELL THIS SURPRISED HER , SHE FELT OK AND ALITTLE HESITANTLY STEPPED
OFF THE SCALE AND ---WHAMMO!! SURE ENOUGH ! A BIG OLE' COUNTRY-STYLE
FART CAME AND TOTALLY MMORTIFIED SHE GOES OVER AND SITS DOWN AGAIN.
BUT IN A LITTLE WHILE CURIOSITY GETS THE BETTER OF HER AND SHE
DECIDES TO TRY ANOTHER PENNY. A LITTLE WHITE CARD COMES OUT AND
SAYS--"YOU ARE A NUN. YOU WEIGH 105 LBS. YOU ARE WAITING FOR FLIGHT
309 TO CHICAGO. YOU JUST FARTED. WHEN YOU STEP OFF THE SCALE YOU WILL
BE RAPED." WELL, SHE DIDN'T THINK THIS WAS FUNNY AT ALL ; AND LOOKING
NERVOUSLY FROMM CARD TO CORRIDOR SHE TOOK A STEP AND WHAMMO! SURE
ENOUGH TWO BIG THUGS CAME RUNNING AROUND THE CORNER AND BEAT HER UP
AND RAPED HER. POOR NUN! WEEPING SHE DRAGGED HERSELF INTO THE WOMAN'S
ROOM AND CLEANED HERSELF UP. EXITING THE LAVORATORY SHE SAW THE
MACHINE --SHE HAD ONE MORE PENNY SHE PUT IT IN OUT COMMES A
LITTLE WHITE CARD. IT SAYS " YOU ARE A NUN. YOU WEIGH 105 LBS. YOU
JUST FARTED AND YOU WERE JUST RAPED. BETWEEN ALL THIS FARTING AND
FUCKING AROUND YOU MISSED YOUR PLANE TO CHICAGO.

one man and one woman are looking for two others to
share their home on Russell Street beginning on 4/1.
Couple OK, strangers OK, pets not OK, smoking not OK.
We would like to share meals regularly, but we are
flexible about it. Landlady is kinda quirky, but she
only comes round occasionally. Space for a garden in
the back., no closet space to speak of., and not much
room to store your bike. Parking is a bit of a hassle.
These will probably be considered minor drawbacks.

You can reach either Jim or Daryl at 548-4099 in the
evenings. Give us a call and we can figure it out.

feel worse.

The NEW WORLD MOVEMENT is working to "build a world that's good for everyone". You are invited to attend a (free) Introductory Presentation and Discussion on Wednesday, March 20 at 7:30 PM at the Savo Island Meeting Room, 2017 Stuart Street in Berkeley. We will be discussing such questions as "What should the New World look like?", "How urgent is it to create a New World?", and "Can you and I contribute to building a New World?". For further information, please call 237-7838.

Title: Unions as Enemies of Capital
Comment On: 84580190 Comment By:

Message:
This simply is not true. Unions, syndicates, workers co-operatives all rise from the same impulse take control of the means of production. Unions in this country very early on were subverted by capital and government with economic compromise -- bribes essentially -- tendered to the upper strata of the working class (ie. those workers most important to capital at the time). This subversion does not nullify unions, it only weakens them and forces them to play a complicit role. New union forms or new, tougher, poorer membership in the old forms are still worthwhile.

DISAPPOINTED IN WHAT I HEARD THAT NIGHT IN MID-DECEMBER, BUT I HAVE

NOW REALIZE THAT WHAT I HEARD IN MID DECEMBER WAS THEIR ACCOUSTIC SET,
AND THAT THEY REALLY HAVE A LOT MORE GOING FOR THEM THAN I GAVE THEM
CREDIT FOR...HOWEVER, FOR A R+R BAND THEY ARE STILL ONLY A FIVE ON A
SCALE OF TEN. (UNGIE FROM THE UNREAL SAYS HE GIVESS THEM ONLY FOUR, BUT
THAT'S TO BE EXPECTED)

Title: REPLY TO DUMB DIALOGUE ON LESBIANISM

Comment On: 84542442 Comment By: 101334418

Message:

IT SEEMS TO ME THAT THIS "DIALOGUE" IS ACTUALLY GETTING BETTER INSTEAD OF DEGENERATING. THEREFORE IT SEEMS WORTH-WHILE TO ADD SOMETHING. THE WORLD CONTAINS BILLIONS OF MEN AND BILLIONS OF WOMEN. THIS IS UNLIKELY TO CHANGE IN THE NEAR FUTURE. FURTHERMORE, PROCREATION IS LIKELY TO REQUIRE BOTH SEXES FOR A WHILE LONGER. THIS IS NOT AT ALL SUPPOSED TO IMPLY THAT THERE IS NO PLACE FOR HOMOSEXUALITY, MERELY THAT THERE IS AND WILL CONTINUE TO BE HETEROSEXUALITY. UP TO THIS POINT, EVERYTHING IS HUNKY-DORY. THE PROBLEM ARISES FROM INTOLERANCE OF THIS SITUATION BY GROUPS OF EITHER ORIENTATION. STATEMENTS SUCH AS WERE MADE BY THE ORIGINAL TWIT WHO STARTED THIS MESSAGE ARE DESIGNED SIMPLY TO GET AN ANNOYED REACTION. RESPONDING TO SUCH A CLEARLY STUPID MESSAGE IN AN EQUALLY SILLY FASHION ACCOMPLISHES NOTHING EXCEPT TO WASTE COMPUTER MEMORY. I AM HETEROSEXUAL, AND I QUITE ENJOY FUCKING, SUCKING, ETC. I HAVE A LARGE NUMBER OF FRIENDS (SOME OF WHOM I SHARE LIVING SPACE WITH) WHO ARE LESBIANS. I DON'T CARE HOW THEY GET THEIR KICKS, THEY DON'T CARE HOW I GET MINE. IT'S THAT SIMPLE. IN TERMS OF THOSE WHO CAN'T SEE IT THAT WAY, I DON'T BELIEVE THAT THE ANSWER IS CHILDISH ARGUMENTS. WHAT IS THE ANSWER? I CAN'T SAY FOR SURE, BUT IN MY LIFE, I RESPOND TO HOMOPHOBIC STATEMENTS BY CALMLY STATING MY VIEW TO THE CONTRARY, AND MOST OF THE TIME THIS IS RESPECTED IF NOT AGREED WITH. BY SEEING SOMEONE BE CALM AND RATIONAL IN DISAGREEMENT ACCEPTANCE WILL HOPEFULLY FOLLOW RESPECT. AT LEAST THAT'S THE WAY I'M GOING ABOUT IT. SEX IS ONE OF THE GREATEST THINGS LIFE HAS TO OFFER. ENJOY IT AND LET OTHERS ENJOY THEIRS. BY THE WAY, I AM A MAN.

If it had been a washday, Derby would have been in the
house. As it was, she was UNDER the house with a neigh-
borhood cat. While they wwere discussing the inevita-
bility of an animal revolution, they heard a resound-
ing crash coming from above.

This was not exactly the sign the two had been ex-
pecting, but they went up to check. The roof had fallen
in! As Derby rushed in to the dusty rubble to check for
her family, the cat- a distant relative of Mehitabel-
ran out to alert the others that a sign had finally come
and the time to act was the present.

What shape did this action take? Well, it didnt take
long for councils to form. Grievances were aired and
fellow cats and dogs became allies with the previously
hated birds. Action demanded unity, and love.

Plans have been drafted for animal rights. Animal
research is being fought, both in the human press and in
carefully executed nighttime raids. Some human groups,
such as Derbys family, have bravely taken responsibility
for these actions in order to protect the absolute
anonymity of these councils. The truth however, is never
a secret. We only need open our eyes to the clear inev-
itability of what Derby was discussing wwith her neighbor
THE DAY THE ROOF FELL IN.

If you dont know what Matt said, you should check it out.
No oaths are needed, you cant change the hair on your head from black
to white, so dont even swear by your own head.
A simple yes or no will do. To this I add that a simple
yes may now appear to be the least simple response you
can give to others in this world. Dont lose the hope that
gives you life. Do not forget the question, even if you dont think you
can answer. Derby [see dog story-a doc-
umentary] did not know what she was waiting for either.
Also, dont preach to others like this. Take that two
by four out of my eye.

lest this dialogue escape those who have created it
here on international womens day, they must take it to
an immediate forum. But lets just respond first.

Building not only upon but from the very materials
which themselves also create alienation, fear, and lone-
liness requires ingenuity, vision and faith. But rather
than getting lost in a melange of grammatically and
politically correct dialogue, it has here been suggested that I ought
to just recognize the material quality
of the two by fours and USE THEM.

You might want to try this too, friends at home.
Good tidings to all builders. The two by fours in your eyes should
prove to be constructive materials.

I'm only in the area for a short time. I would
like a chance to perform/jam with a local band. I
am also trying to record a demo, and will exchange

my voice for recording time and/or the services of backing musicians (I don't have a band). I will be leaving in May. Anybody interested please reply. I will sing in your band for free.

Title: ATTENTION ALL BANDS & BAY AREA MUSICIANS
Comment On: Comment By: 134917964
Message:

ATTENTION ALL BANDS AND MUSICIANS

Last Xmas, Sting, Duran Duran, Phil Collins and
others formed BAND-AID to help underpriveleged peo-
ple in the world. Last month, Michael Jackson, Lionel
Ritchie, Billy Joel, etc. did likewise with USA FOR AFRICA.
So What you say? The Bay Area has always been seen as
a mini-capital of sorts in the music world. We have
dozens of bands that are unknown in the rest of Ameica,
but are as much if not more talented and professional as
the rest. What is preventing us from forming a Bay Area
"BAND-AID" and doing a record and/or superconcert to
benefit those unfortunate folk?

Wilson Jones Company 45-957N

The Bay Area's own Steve Perry of Journey and Huey Lewis & the News were prominent in the recording of "We are the World". We have talent, and the capacity to reach an enormous audience, both locally and nationwide. If nothing else, look on it as a chance to get your hand national exposure; your "big break" maybe.

I'm calling all bands and singers, rock, soul, country, whatever. I have a song in the works, but I'll take input from all sources. This will be our song to the world. Okay, I'm a bit melodramatic. But if you and your group want to be a part of this, leave a message here. In a couple of months an advertisement will appear in BAM magazine. Those who respond first will have best choices of solo vocal and instrumental parts. The full band will be assembled by June or July. We will do the recording (including an album with separate tracks by each band) then possibly a series of superconcerts.

I'll end this now, so if you feel like this sounds like something you want to be involved with, leave a response with your group name and a telephone #. thank you for your time, hope to hear from you soon.

SOME TIME BACK, THERE WAS A BIG DIFFERENCE BETWEEN
phil collins and genesis. nowadays, that just isn't so.
I DON'T SEE MUCH DIFFERENCE BETWEEN PHIL GOING SOLO OR
not.

have you ever heard any Brand X? That was great project
that ole Phil-baby was involved with!

Look for a Phil Collins tour this summer. Medium-large
venues (Bay area's Coliseum, Cow Palace). Genesis tour?
who knows. (Would it really be what you expected?)

I do have to admit that Phil Collins has put on some
excellent shows. (It'll never be *GENESIS*, though).

2) WHEN EDITING A MESSAGE, AT THE 'OK TO ADD THIS MSG'

Title: Doom or a NEW WORLD? (:The Current Mega-Crisis..)

Comment On: Comment By: 101360818

Message:

Few will deny that humankind is on the brink of the greatest crisis in recorded history. Either human civilization (and perhaps all of humanity) will be destroyed by nuclear war (not to mention other potential catastrophes, such as global starvation or great ecological disasters), or a mighty surge of united, concerned effort will counter the present drift and draw us back from the brink, Toward A NEW WORLD That's Good For Everyone. We will be holding a MEETING on WEDNESDAY, MARCH 20th at 7:30 PM at Savo Island, 2017 Stuart St.(1 block South of the Adeline-Shattuck split) to discuss creating the "New World".

(BRIEF CONTINUATION)... The worldwide nature of the catastrophes that we face requires a worldwide perspective. It is essential that we start building the New World now. Please come to our meeting on March 20th to hear about this approach and to contribute your opinions. For further information, please call Guy at 237-7838 or Jim at 549-0839. Thank you!! ... We are approaching the threat of nuclear war from a worldwide perspective. Because there are already five nations who, by themselves, can potentially destroy all of humanity, it is essential that we take a worldwide view; that we have as our goal a New World that's good for everyone. You know the horrendous dangers that we face. It is essential that we start building the New World now. Please come to a MEETING on WEDNESDAY, MARCH 20th at 7:30 PM at Savo Island, 2017 Stuart St., Berkeley (1 block South of the Adeline-Shattuck split). We're working on a new set of tutorials and a detailed instruction
manual in the form of a comic strip (that way we don't have to finish
it before printing parts). In the meantime, press EXTRA when you want
to add an author'd message. You will be prompted. Until we get it
fixed, MAKE SURE TO EXIT after adding your message with author, or the
next message(s) will also have you as author.

Sorry about the inconvenience, but we have to scratch to keep it

Title: THE PRIESTLY JOKE FOR FUN LOVERS

Comment On: Comment By: 101363812

Message:

once there was a priest who lived in this small town in the middle of Nowheresville. It turns out that this was the same small nowhere town that a mad scientist decided to make her home as well. So, this scientist decided to make a clone of the same priest mentioned above, however, it was not the perfect scientific experiment that she may have wished for for the clone turned out to have the exact opposite character of the priest i.e. he used terrible curse words and was always doing the worst kinds of things to people. Needless to say, this made life real difficult for the priest as people began to believe that he was sort of losing it. Soon life became unbearable for the priest and he felt forced to take drastic measures. While casually walking behind the clone conveniently near the neighborhood cliff, the priest, against his better judgement, pushed the clone

over the city unaware of the fact that there was a policeman watching the whole affair. Immediately the policeman stepped up and put the young priest under arrest. "Why are you arresting me?" the priest tried to ask innocently--the dirty pig's reply was-- " I am arresting you for making an OBSCENE CLONE FALL"!

Hello , Lonely at the Plough...

Refers to sad state of new relationships or even having a relationship at all. Would some consider our culture or lack of it and say , here is an acceptable introductory format ? As long as persons communicate undue uncertainty; there remains an implicit lack of restraint-respect even contempt... Who wants to deal with it ? Such frustration/annoyance leads to the circular notations of the writer and too many others to overlay and deaden known relationships rather than allow for variation and growth over a longer term.

In answer to your questions, we are already deleting old messages. Messages stay on the system an average of 6 weeks, but you can specify that a message be kept for more or less time when you add it (if you press the EXTRA button). Whenever messages are deleted, the message numbers change, so message 1500 today might not be message 1500 tomorrow. Since this is true, we don't have an option for finding a message by number. If you just want to look at messages at random, you don't have any alternative to going through the list one page at a time. BUT YOU CAN FIND ALL THE MESSAGES ON ANY SUBJECT by using the index. This is the way we imagined that most people would find messages.

Title: The Menace of the Old Ones

Comment On: Comment By:

Message:

From THE NECRONOMICON of Abdul Alhazred (as translated by H.P. Lovecraft):

"Nor is it to be thought that man is either the oldest or the last of earth's masters, or that the common bulk of life and substance walks alone. The Old ones were, the Old Ones are, and the Old Ones shall be. Not in the spaces we know, but between them, They walk serene and primal, undimensioned and to us unseen. Yog-Sothoth knows the gate. Yog-Sothoth is the gate. Yog-Sothoth is the key and guardian of the gate. Past, present, future, all are one in Yog-Sothoth. He knows where the Old Ones broke through of old and where They shall break through again. He knows where They have trod earth's fields, and where They still tread them, and why no one can behold Them as They tread. By Their smell can men sometimes know Them near, but of their semblance can no man know, saving only in the features of those they have begotten on mankind; and of those are there many sorts, differing in likeness from man's truest eidolon to that shape without sight or substance which is They. They walk unseen and foul in lonely places where the Words have been spoken and the Rites howled through at their seasons. The wind gibbers with Their voices and the earth mutters with Their consciousness. They bend the forest and crush the city, yet may not forest or city behold the hand that smites. . . . Great Cthulhu is Their cousin, yet can he spy Them only dimly. Ia! Shub-Niggurath! As a foulness shall ye know Them. Their hand is at your throats, yet ye see Them not; and Their habitation is even one with your guarded threshold. Yog-Sothoth is the key to the gate, whereby the spheres meet. Man rules now where They ruled once; They shall soon rule where man rules now. After summer is winter, and after winter summer. They wait patient and potent, for here shall They reign again."

WHAT IS THE HAY AREA "ART SCENE"? TOO MUCH ATTENTION
GIVEN TO LOCALITY, NOT ENOUGH TO REAL ISSUES. THE
ART SCENE TODAY IS CORRUPTED LIKE ANY OTHER
COMMODITY BUSINESS, TOO LITTLE ATTENTION SPENT ON
REAL TALENT AND INSIGHT. IT MAKES ME SAD, AS AN
ARTIST, TO FIND MYSELF LIMITED TO FOLLOWING THE
CURRENT "ART SCENE", WISHING TO BE INCLUDED
YET AT THE SAME TIME BEING DISGUSTED WITH IT ALL
AS WELL. I AM NOT A PESSIMIST. I LONG FOR THE
DAY WHEN ART CAN, AGAIN, BE TRULY INTEGRATED INTO
THE CULTURE FROM WHICH IT SPRINGS IN A NON-PROFIT,
HELPEFUL WAY WHICH WOULD GIVE PEOPLE PEACE.NM

Community memory is making a serious mistake by not allowing dialups. I think that a survey of a random sample of Berkeley residents would find very little or no awareness of community memory. One way to increase your exposure without spending your entire wad is to allow general purpose dial up. Why shouldn't there be an electronic community paralleling the established physical one?

Somewhere along this blasted chain of messages (I don't understand the indexing system very well, which is a tribute to its poor design, given that for a computer person to understand the operation of some program is easy, and hard for a mundane) someone pointed out that public terminals don't allow for lengthy, reasoned discourse on any topic, and in this I agree with him. You need a cadre of reporters to enter the events of the day, and provoke discussion.

The other thing that is interesting to note is that the content of CM (impression formed from a quick perusal) is pretty poor in general, with some gems here and there. This is typical of any large, non-select
