

Title: Habermas, Derrida and Philosophy in Berkeley

Comment On: Comment By: 118116633

Message:

Careful reader of contemporary Continental and American philosophy wishes to begin group seriously interested in the "interface" between Habermas' THE THEORY OF COMMUNICATIVE ACTION and the work of post-structuralists, particularly Derrida. I am especially interested in working to build a practical, yet discursively useful, continuum of work applicable to recent work around UCB (e.g., work of R. Bellah, M. Jay and H. Dreyfus) as well as current issues in Berkeley (e.g., new Berkeley charter, the meaning of the "educational reform movement" for the troubled Berkeley school system, long-term developmental thinking, etc.). Further info and comment available after August, given informed responses and/or expressions of interest regarding this note.

Message:

This is the writer of the original note. I intend to provide further information after August FIRST, not after August. I want to provide a way for serious "students" to get together without garbling up dialogue in Community Memory with crackpot responses or causing junk mail to come to my mailbox. Suggestions appreciated (e.g., keywords for dialogue that serious students would think of, but jokers would not tend to come across). Also, I would like to add that serious readers of Heidegger will be very interested. Serious readers of Habermas and Derrida will appreciate the problem here. Thanks for genuine interest this may evoke.

Perhaps the idea of utilizing existing parkland for Real Estate expansion is a good one; however, one Park (such as Yosemite) should remain untouched. While the need for access to backwoods type camping areas is acknowledged by the author, we must also be sensitive to the unchecked blindly profit motivated developers.H

there is one magic word that we all seem to forget "Peace". There is

U.S.A and U.S.S.R play political games with them

Why do you think that we do not have peace in the Middle East?

Because the two do not have the courage to let go of the past and to
promise a better future to both our children. Leave U.S.A. and Russia

out of the Middle East, let the Arabs and the Israelis find the
solution, they will have to trust me! I have much more to say but I do

not have enough time. Think about it my Arab cousin, PLEASE THINK.

Thank you.

There are many Pizza places in Berkeley.
The only problem is to find the best one. Talking from experience I can truthfully say that the very best Pizza, (Chicago style of course) is the Chicago Pizzeria on Salono Ave. past the tunnel for about 4 blocks.

Title: Response from CM

Comment On: 101350911 Comment By: 118130681

Message:

Unfortunately, it IS too labor intensive. What we are doing is essentially an experiment to see if a system like this can be operated without any mediation or editing. We were hoping that people would use the index words to organize the information in a useful way, and some people are doing that. But a lot of people don't put enough index words on their messages, and so they're never found, while others (notably the "Leader") put HUNDREDS of index words on their messages, which are found everywhere you look. We're going to be making some changes in about six weeks that will hopefully solve the problem. Thanks for your interest.

Comment On: 118127136 Comment By:

Message:

Looks like you figured it out when you got to the index
words I saw a capital B there...

Hold the SHIFT keys (either one), then press the letter that
you want.

If you want to type in ALL CAPS push the ALPHA key, on the left
side of the keyboard. It clicks, and locks down. Push it
again, it clicks and comes up. When it is down, you get ALL CAPS.
When it is up, you get lower case.

Title: Control for the insecure

Comment On: 101328031 Comment By:

Message:

No one can tell you what to do in your room. You can beat each other silly if you like. Sure you like the right of controlling your companion in an institution designed to give a false sense of security. God has nothing to do with this at all. Marriage is a human creation. Marriage is an excuse to make possession look honorable. Instead of fornication it is now a holy fuck.

What people practice in "sexual liberation" is sometimes totally different from the concept. There are many phonies out there or people who don't believe in what they say.

Yes you certainly do have the right to controlling your spouse. No one is willing to give up their fantasy that a marital prison is the way to preserve a relationship, even if it breaks all the principals it supposed to stand for. I don't expect any religious support for non-monogamy. The churches are so contradicting. But if they finally decide on a relationship that is moralistic, you can be sure as hell it won't be monogamy.

Title: Response to questions about "left alternative."

Comment On: Comment By: 134922983

Message:

The left alternative group for the November Berkeley elections is not part of BCA. We don't think BCA delivers on its rhetoric. Due to the "winner-take-all" nature of the American electoral system, anyone who wants to raise radical issues is denounced for "fracturing" the progressive vote. Since the "progressives" won't talk politics with the radicals, this leaves the radicals with the alternative of either running their own candidates and taking flak or shutting up and abandoning the elections to the liberals. If the BCA doesn't like having a left opposition, tough!! Anyone who wants to know more about the program should come to the meetings or call 548-1114. (No reservations needed.)

Comment On: Comment By: 118139759

Message:

Hey, you guys, how about a feature that allows one to read messages
after a certain date, or make the date automatically included as an
index word. This would allow people who have read most (all??) of the
messages on a certain day to look only at the messages which have been
added since that day. I don't think it would be too tough a
modification to make, the date as an index word would be extremely
effective.

IN PART, OUR DIFFICULTIES ARE THE RESULT OF A CONFLICT BETWEEN
INSPIRATION AND EXPIRATION. DEDICATION TO OBSOLESCENCE JUXTAPOSED WITH
ASPIRATION TOWARD MAGNIFICENCE. IF WE ONLY SEEK WHAT WE OURSELVES HAVE
BROUGHT, NOTHING WILL HAVE BEEN EARNED, AND EVERYTHING WILL HAVE BEEN
FEIGNED. WHAT WILL BE OUR WEALTH, IF WE ARE NINNY-WISE, AND FOUND
FOOLISH.
ONE THING IS CERTAIN, WE ARE DRAWING NEAR TO THE END, OR THE MEND. WE
MUST TAKE CARE TO OBSERVE THE THRILLER, FIGHT THE DOLLAR, ITS NEARLY
12 O'CLOCK, FOLLER?

ON THE QUESTION ON STORAGE SPACE FOR RAMPANTLY BREEDING SPECIES. WE
SEEM TO BE INCREASING OUR NUMBERS FASTER THAN WE CAN KEEP TRACK OF
THEM. SO OBVIOUSLY, WE NEED TO CONSIDER LOGICAL SOLUTIONS TO THE
PROBLEMS BOTH OF OVER REPRODUCTION, AS WELL AS, WHERE ARE WE ALL GOING
TO STAND? I THINK WE SHOULD BE STACKED ON TOP OF EACH OTHER. PEOPLE
LIKE TO GET CLOSE TO EACH OTHER FOR A FEW MINUTES, BUT THEY ARE VERY
IRRESPONSIBLE ABOUT FOLLOWING UP SERIOUSLY ON THE RELATIONSHIP, AND

CARING FOR THEIR OUTSPRING. IF WE ALL LIE ON TOP OF EACH OTHER, WHILE WEARING PLASTIC SUITS, IN ORDER TO PREVENT PREGNANCY, AND DISEASE. WE WILL GRADUALLY TAKE UP LESS AND LESS SPACE.

WHAT YOU RESIST YOU BECOME. TO STATE THAT THAT
UNBENDABLE PERSON SHOULD NOT BE SO, AND TO BELIEVE
THAT YOU CAN KNOW A BETTER WAY FOR SUCH A ONE TO BE, IS TO BECOME
IMMOVABLE YOURSELF. WHO ARE WE TO SAY THAT
WE CAN KNOW ANOTHER'S PATH IN LIFE? WITH A LITTLE
FAITH THAT SOMEWHERE THERE MUST BE A REASON, A PLAN
TO ALL THIS CHAOS, AND THE TRUST THAT WE MUST BE THE
ONE'S WITH THE CORRECT PLAN OF OPERATION, AT LEAST
WHEN IT COMES TO OUR SELVES, MAYBE WE CAN LET OTHERS
BE WHAT THEY ARE MEANT TO BE, WHICH GIVES US MORE
ENERGY TO DISCOVER WHAT WE'RE HERE FOR. LET LIFE LIVE.

Comment On: 118129879 Comment By:

Message:

Do you care at all about the KIND of responses that you get? If
your messages were titled and keyworded to reflect what they were
about, you might get more responses based on the content of what you
say. By keywording your messages so that people can't avoid
seeing them, and then by titling them misleadingly and (to some)
offensively, you are setting up a situation where 90% of your
response will be outrage at interfering with other uses of this
service. If this is indeed what you want, then I'm sorry for you.
I imagine Community Memory is in part designed to meet the needs of
those who are starved for attention, but that doesn't make their
needs a pretty site.

The list of messages you see when you press the FIND button on the left of the keyboard is all the messages in reverse chronological order (newest at the top). If you want to look at all the messages in the system, you can just scan down the list until you run across messages you've seen before. Likewise, when you use the index with a single word, the messages you see are listed newest first.

I think you fail to see the larger context, although your comments are
disturbing. Clearly it is a lot easier to deal with ideals when your
life is not at stake. On the whole the Nicaraguan government seems to
have been less violent, and more aware of its mistakes than the U.S.
has ever been.

Title: Answer to Q.'s about Left Alternative group

Comment On: 118128810 Comment By:

Message:

No, you don't need to make reservations. We want to get as many people involved as possible.

We don't have a set agenda. Many of us are running for office in Berkeley but we haven't endorsed anyone nor even decided whether or not to be a political party. Many of us are oriented towards direct action. The point is to get an active, grass-roots left movement happening in Berkeley involved in local issues.

No, we are not part of BCA

Your question (Why are we appearing to fracture the progressive political structure in Berkeley) is the sort of attitude in Berkeley that is so destructive to "progressive" politics in Berkeley if one believes progressive politics should involve people making decisions for themselves, not relying on professional politicians to make decisions in the name of the people. B.C.A. came out of a grass-roots movement but is now hardly distinguishable in organizational form from any other political group. B.C.A.'s emphasis on progressive unity (to the principles of the party elites) is better called stifling conformity.

That way you can leave a free space to a foreigner with a real
intention for coming here. Or go get yourself a proper education, so
to prevent that the US will have to rely on import of professionals
from overseas for times to come as for now. Piss off jerk.

Title: Mr. Radio responds to Big Mountain gripe.

Comment On: 67828363 Comment By: 134874612

Message:

This is in response to the complaint about KPFA's neglecting the Big Mountain speaker at a recent anti apartheid rally. I am a regular volunteer for the KPFA news and was there the day that the reporter in question covered that rally. Her decision to omit the Big Mountain speaker was an unfortunate mistake. She did not make that error out of prejudice against Native Americans, however. She was simply very inexperienced. She was under the impression before getting to the rally that apartheid was the only issue to be dealt with, and not knowing how to deal with two issues and being a BRAND NEW reporter, she just kept to the apartheid stuff. This was regrettable, but understandable if you know how stressful and difficult it is to do your first radio stories.

Any accusations that the KPFA news deliberately boycotts Native American/Big Mountain issues are patently false. KPFA news recently ran a 5 part week long series on Big Mountain. Please make it a point to listen to the KPFA news more regularly before making such accusations.

Thank you and sorry for the misunderstandings.

Dear Leader... I suppose you've noticed the message that mentions
that we are working on a techno-fix that will somewhat cramp your
style. This will take a while, but in the meantime, I'd really like
to meet you and talk about what Community Memory is doing, and
why we are doing it, and what you're doing, and why you're doing it.
I know you are having fun, but as you can tell from people's
complaints, you are noticeably disrupting the usefulness of
Community Memory.

How about meeting at La Pena soon...Karen 841:1114

Comment On: 118142254 Comment By:

Message:

I believe that you have missed the historical content.

If you had any knowledge of US history in regards to indigeneous people AND an honest appraisal of Nicaraguan/Miskito current events you would know that there have been no "mistakes" in Nicaragua.

The FSLN is seeking to develop the primitive capital that lies in Miskito land. They do this because they are state capitalists, not because they are fighting for their lives. What of Miskito lives? Are they less important? Is their liberation from outside development (read: theft) of resources any less important than the liberation of Nicaraguans from the same.

The US actually went much further in their negotiations and deals with Indians than the FSLN. If you would take the trouble to read the Draft Law on Autonomy that everyone is heralding as the "solution" to the "national question" in Nicaragua you will realize that it is nothing but a colonial structure for land/profit rip-off!

The US broke every agreement they ever made with Indian People. I don't know if the FSLN will, everything I've read indicates that they will (they already have repeatedly). Unfortunately, that is a moot point since all that they are promising is colonialism.

Perhaps you don't like what I say and you believe (or want to believe) that I am wrong. But I am SICK of liberal/Marxist-Leninist apologies for what is truly

wrong. Miskitos die too you know.

Title: Solving Berkeley's housing problems

Comment On: 51004431 Comment By:

Message:

The first and most important step toward solving the housing problem in Berkeley is for UCB to construct a large amount of dormitory space for its students. While UCB has just proposed constructing space for 960 more students (to be available in 1991), it should be constructing enough rooms to accommodate at least ten times that number.

Rent control is nice for people who want to hold on to their present abode, but it's a living hell for new students in Berkeley. If you want to get away from the Yuppies, go live in some small town in the Nevada desert-- nobody's forcing you to stay here.

Dear Danieal;
One could hardly accuse you of being the most suave and non-sexist in
your tepid and pathetic approach to members of the opposite sex. As
another member of the male gender, I felt affronted and its men like
you that make lesbian separatism a viable alternative to chauvinistic
pandering of the type which you displayed.
Send another message when you get out of therapy.

Did you ever think about adopting one? Look for somebody
over fifty, brown,cucly hair, preferably french, with
a love (LOVE!!) for perfume and turtles, maybe with one or two other
children (so you would be her second or

third child) she also should have a variety of cookbooks
so she can entertain your stomach and take care of your oral
needs..just imagine a hot summernight, candles,
flowers and Guiche Lorraine on the table, served by your
beautiful french second mother.....hey, wouldn't that be
FUN?????????Ciao, your loving german aupairs.....

Title: What the CM people are up to
Comment On: 118130681 Comment By:

Message:
Hi! Just thought I'd let you know what's happening. We're changing the CM code to limit you (everyone) to ten index words and expiration dates no later than the end of next year. Sometime soon this will take effect retroactively, which should clean up the indexes to a large degree. We will not remove any messages, and we hope that no one takes this as an attempt at censorship. We are simply trying to better support the variety of uses to which CM is put, and to give all our users a more equal voice.

Message:
Believe it or not, it was a coincidence. When an index gets too many messages in it, the search code can't handle it. In practice, this has only happened to the sex index. Hopefully, if we keep up to date on deleting old messages, it won't happen again.

We DO have standardization--it's the IBM PC. This is a standard
forced down the throats of business and consumer communities by a
company big enough to do it--sort of like electronic rape. What you
get is 10 year old (at least technology) and a crowding out of any
invention in the marketplace.

Is this what you want?

Well, I've tried, and I can't make the problem that you mention occur. If I use the same author name as someone else, it gives me a message and asks for a new name. If I use the same password as someone else, it accepts it with no problem (i.e. I can go back and edit the message successfully. What exactly did you do? And when you had the problem, what made you think it was because you used the same password as someone else, since you can't see anyone else's password?

Title: Monogamy is immoral

Comment On: 101328031 Comment By:

Message:

If you think about it ,everything that is impermissible, discouraged
, or looked down upon by society is permitted in this sanction of
monogamy. You can be a racist, a sexist , an alcoholic , a deviate,
immoral, violent, child abuser, etc. and still be approved by society in
this institution. All the vows you take are worthless. If your spouse
is violent you can divorce them for worse , if he/she is insane you can
divorce for sickness, if he/she fails to financially support you , you
can divorce them for poorer.

Therefore people are illuded into believing in the security of
monogamy. Monogamy is a means to an end ,not an end in itself. A woman
who seeks protection, children, and financial independence if there was
a way of achieving it outside of a commitment by a man would most
likely do that. So monogamy is not to assert any loving commitment to a
fellow human being. It is done in one's own interest. If you know the
history of marriage you'd know that it was created as protection for
women and children thus insuring the survival of the species. The
concept of love didn't come until so times later. I don't know what
the purpose of marriage is now besides perpetuating the myth of
security.

Security comes from strong independent people ,not repressive
objectifying institutions. When people finally learn how to become

Title: TO THE 28 WHO RESPONDED TO DAN

Comment On: 134898319 Comment By:

Message:

It is amazing the double standard society holds for men. If a man tries to advertise his sexual needs the overwhelming masses denounce him as being sick,perverted,or outlandish.If a woman advertises for a sexual need people (men and women) would line up out the door and around the block to access her address on this machine.It all goes to demonstrate that mens ssexual needs are never to be satisfied and women are held to be the sexual tycoons.

Society would rather men acquire ssexual mates at bars giving some exaggerated, stretched out lines to some unsuspecting female rather than be frank and honest.

So in ways I think society iss sick and it palates the illusionary cascade of grandeur over those values of openness and honesty.

All of life is richer for the attempts of others to attain a specific

Although the goals of NORML are important, this organization is last on the list of priorities. Therefore, contributing precious dollars from an already financially overburdened community into this organization seems luxurious at this point. Additionally, people energy can not be spared for this. Our energy is most desperately needed now for Nicaragua and South Africa. We need to arm the people of South Africa.

Ohhhh, how I love to play my guitar! The simplistic XTC of a 3-chord progression, eatin' alive by the raw loadness of a few crouching POWER CHORDS, experiencing Pat Methany, Eddie Van Halen, and John Williams with the same amount of awe and respect, and playin' the blues till the sun rises, then sleep, cradleing my axe

1966 Valiant for sale: The Ultimate in Basic Transport.
\$350/best offer

Metallic green, 188,600 miles. Mechanically sound, decent interior, exterior looks like it's been through a war. Assorted peculiarities like broken gas gauge and hood latch, but the V-8 engine keeps trundling obediently along, year after year. Have complete repair records for several years; work this year includes new radiator, fuel pump & gas filter. I love this car but have finally bought a new one--please, some nice person give it a new home! call Joan 549-3444

My object is to reach women riders of European motor-

If you haven't sampled the delights of Eurostyle
riding, don't knock what you haven't tried.
