MEMO TO: Mr. F. ~~D.~~ McDonald

SUBJECT: Procurement of Off-Line Wire Printer Facility

REFERENCE: Dr. W. Buchholz's memo of March 30, 1959
Same Subject

This is to advise you that the subject item is not a part of the 7030 I/O program and therefore funds for implementing this installation cannot be provided from the I/O budget. It cannot justifiably be classified as development or assembly and test in this area.

I suggest that the expenditure be made from the Applied Programming budget especially since other expenditures of a like nature for computer facility rentals will be made for applied programming purposes in the future.
